How You Can Remove Every Trace of Hair

(Toilet Talks)
A stiff paste made with some powdered talc and water and spread on a hairy surface about 2 minutes will, when removed, take every trace of hair with it. The skin should then be washed with a fine soap and the hair should be removed from the remaining talc. No harm can result from this treatment, but be sure it is talc and not soap you use. It is talc and not soap you want. Mix fresh as wanted.—Advertisement.

"I've got a safe full of thankful letters testifying to the mighty healing power of Peterson's Ointment for old and running sores, eczema, salt rheum, ulcers, sore nipples, broken breast, itching scalp, chafing, and blind, itching and bleeding piles."

THE ACID THAT DESTROYS TEETH

Fermenting food "sours"—that is, an acid forms in it. This happens anywhere—it happens very quickly in the mouth if the teeth are not kept perfectly clean.
This acid attacks the teeth. It slowly, but surely, dissolves the hard enamel and exposes the softer part of the teeth to decay. If you neglect to see your dentist the tooth may be ruined before it aches.
Most tooth pastes and powders are good. But there is one tooth paste which is conspicuously good because it is more than a cleanser. It destroys the acid that destroys teeth and thus prevents the damage. The name is **MAG LAC** Tooth Paste—so called because it contains Milk of Magnesia. Everyone knows how good Milk of Magnesia is for "sour" or "acid" mouth—destroys the acid. And it is very pleasant to use.
Mag Lac cleanses as well as the best of other tooth pastes—but because it destroys acid it saves your teeth and helps you keep them a lifetime.
Try Mag Lac if you value your teeth. The only stores in Washington that can supply it to you are all of Peoples Drug Stores in Washington are Penslar Stores.—Advertisement.

HARDING LAUDED FOR FRANK RACE PROBLEM VIEWS

Weeks, Fall, and Governor Praise President—Busy Day Ahead in Atlanta.

By GEORGE H. HOLMES.
International News Service.
CAMP BENNING, Ga., Oct. 27.—Still a bit husky of voice from his strenuous day of speech-making in Birmingham, President Harding arrived here early this morning for a visit of inspection on his way northward again.
Friends of the President believe his frank handling of the race problem at Birmingham will have a beneficial result upon the country generally, despite the marked coldness with which it was received by the white part of his audience and Birmingham generally.

Secretary of the Interior Fall is among those who approved the speech.

Cabinet Officers Approve.
"It was the boldest and best speech on the question that I ever heard," said Fall. "To be clearly understood and appreciated it must be read, and I believe that when it is read, it will receive general and wholehearted approval."

Secretary of War Weeks said it was a history-making speech, and that it had his hearty approval.
"It was a clear and concise statement of the race problem," said Governor Kilby of Alabama. "It has my approval."

Accompanied by Secretary of War Weeks, the President planned a two-hour inspection of the camp before proceeding on to Atlanta, where he will make a speech later in the day.
The soldiers of the past and of the future are represented in the present population of Camp Benning today. Here the Government is refitting for civil life hundreds of those who were incapacitated during the world war, and training hundreds of future officers at the infantry school of the line for possible future wars.

Has Busy Day Ahead.
The Presidential special pulled into Camp Benning early today, and is scheduled to proceed on to Atlanta after a brief inspection.

The President is due to arrive in Atlanta at 1:30 p. m., where another strenuous program has been laid out for him. He will lunch at the Druid Hills Club, pay a visit to the home of Joel Chandler Harris, deliver an address from the foot of the Grady monument, and leave Atlanta at 7 p. m. for Washington, reaching there tomorrow afternoon.

MORE THAN HALF U. S. LIVE IN RENTED HOMES

There are 24,351,676 families in the United States, more than one-half of whom are living in rented homes, the Census Bureau announced today.
The number of families living in rented homes was placed at 12,948,588, while 10,866,960 families own their own homes. For the remaining 541,118 the facts as to tenure were not ascertained by census enumerators.
Of the owned homes 6,822,119 are free from encumbrance and 4,059,593 are encumbered, while for the remaining 285,248 the status as to encumbrance was not reported.

COURT UPHOLDS PAPER PRINTING POLICE REPORTS

ST. LOUIS, Oct. 27.—A verdict in favor of the St. Louis Star was returned by a jury in circuit court here in a \$100,000 libel suit by Alexander P. McAuley, of Toronto.
The action was based on news articles printed on MacAuley's arrest here in January, 1917. Suspected of passing forged checks, MacAuley later was exonerated.

MANY KILLED IN ITALY AS OLD FORTRESS BLOWS UP

ROME, Oct. 27.—Many persons were killed and wounded and a large number of buildings were wrecked when a fort blew up at Vado, in Genoa province today.
Fire had broken out in the town and despite the efforts of the firemen, spread to the fort. The explosion was heard for 150 miles.
Vado is a seaside resort and fortress town.

GERMANY HALTS SALE OF GOODS TO RHINE VISITORS

COBLENZ, Oct. 27.—Foreigners traveling in the occupied territory of the Rhineland will be forbidden in future to purchase any goods at retail stores in this area other than such as are for immediate use or necessary to their maintenance.
A German government decree to this effect, to which the Rhineland commission has offered no opposition has been decided upon and will go into force tomorrow.

Lord Lonsdale Was Beau Brummel In Those Days

When Lord Lonsdale, the famous "sporting peer" of England, first visited this country and posed for the above photograph side whiskers were quite the thing. But times have changed, which might be the reason for the big laugh the photo gives you. Lord Lonsdale, who is the donor of the Lonsdale belt, symbolic of the boxing championship of Great Britain, is now sixty-four, but still very much to the fore in the realm of sport.

CHECKS GIVEN FOR GAMING RECOVERABLE, LORDS HOLD

LONDON, Oct. 27.—A far-reaching and, for England, sensational decision has been rendered by the House of Lords in a ruling that money paid by check in settlement of a gambling debt is recoverable by the loser.

The decision opens an avenue for possible litigation involving hundreds of thousands of pounds sterling, and if all losers insisted upon their rights under the law it would mean the ruin of scores of the bookmakers who do a big business at all the race meetings.
The ruling has caused a furor in sporting circles and the bookmakers have called a special meeting to consider the situation.

MEXICAN TROOPS OUT TO PUT DOWN REVOLT

MEXICO CITY, Oct. 27.—The government is today putting down a small uprising in the state of Chiapas, led by General Macias, who crossed the border with a rebel band.
Macias' chief lieutenant already has been captured and shot.

PEPTO-MANGAN IN LIQUID OR TABLETS—A BLOOD BUILDER

Vigor and strength have as their base rich red blood. Blood is rich when there are plenty of red corpuscles. They are the tiny red cells which swim in blood and give it its color. Without red corpuscles blood would be white. When overwork, or strain, or illness weakens the blood, it diminishes the number of red cells. Without a sufficient number of red cells the blood becomes watery, the body weak. Vigor and strength fall off, so that physical life diminishes like a fading plant. The physical pleasures of eating and sleeping and exercise lose all attraction. There is no zest in living.
After Gude's Pepto-Mangan has been taken for a while the blood becomes rich with red cells. They help to nourish the entire system. With good blood at work there is a great difference in living. Eating, sleeping and exercise are enjoyed. All druggists sell Gude's Pepto-Mangan.—Advertisement.

TAMPA FACES FAMINE AFTER FIERCE STORM

City Without Water—Three Killed and Millions Lost in Property Damage.

By International News Service.
TAMPA, Fla., Oct. 27.—So far as can be ascertained today, three persons are known to have lost their lives in the fierce tropical storm which swept through this city and up the west coast of Florida Tuesday and Tuesday night.

This is the only known loss of life, but the property damage is tremendous and will run well into millions. As yet there are no electric lights and the trolley service is demoralized. No telephones are operating. Newspapers cannot be printed owing to lack of power. There is no water to drink.

Business Section Wrecked.
There are many broken windows along Seventh avenue, which is the main business section.
At Ybor City there is a net of wires flung from the poles to the ground by the raging gale.
Palmetto Beach was inundated by the high tide, swept up by the wind. Many houses were destroyed. Here was the only loss of life reported to the International News Service correspondent. Two were drowned and one was electrocuted. Cigar factories were badly damaged by water and many buildings were unroofed by the storm.

Residence Section Inundated.
In Hyde Park, the rich residential section, water covered a broad expanse of ground. Bay Shore boulevard was cut off. The damage to homes was enormous in this section. Many trees were blown down.
All industries are paralyzed owing to the inability of the power company to furnish electric current.
The orange crop suffered a staggering blow. All the fruit in the path of the hurricane was blown from the trees and in a great many cases orchards were ripped from the ground.

41,558 Homes in Syracuse.

There were 41,558 homes enumerated in Syracuse, N. Y., in January, 1920, of which number 37.4 per cent were owned by the occupants and 62.6 per cent were rented. The Census Bureau announced today.

Of the owned homes 33.6 per cent were free from encumbrance and 66.4 per cent were mortgaged.

tion of the bill by a unanimous consent agreement will leave but one or two of its controversial features to be acted upon.
The majority proposal for a corporation tax of 15 per cent is expected to be adopted, and the amendment of Senator Walsh, Democrat, of Massachusetts, for a graduated corporation tax to be rejected. Final consideration of both is to begin at 4 p. m.
Democratic Senators do not disguise their purpose to charge on the stump, as they have charged in the Senate, that the Republican tax legislation benefits largely the corporation and the "extremely rich," as well as the profiteers by relieving them of the excess profits and similar taxes.

TRUCE TAX BILL LIKELY TO PASS BEFORE SUNDAY

Compromise Measure Progressing, With Democrats Hoping for Campaign Material.

By J. BART CAMPBELL, International News Service.
Committed to the repeal of the excess profits tax and the higher income surtaxes, the Republican majority in the Senate moved steadily on today toward the final passage of the pending compromise tax bill which Republican and Democratic leaders agreed would probably come by the end of this or the early part of next week.

Disposition today of the disputed corporation normal income tax sec-

Did it ever occur to you that every movie actress you have seen has lovely hair, while the most popular count their curls as their chief beauty? In fact, many are leading ladies just because of their attractive looks. Inquiry among them discloses the fact that they bring out all the natural beauty of their hair by careful shampooing, not with any soap or makeshift, but with a simple mixture by putting a teaspoonful of canthrox (which they get from the druggist) in a cup of hot water and applying this instead of soap. This full cup of shampoo liquid is enough so it is easy to apply it to all the hair instead of just the top of the head. After its use, the hair dries rapidly with uniform color. Dandruff, excess oil and dirt are dissolved and entirely disappear. The hair is so fluffy that it looks much heavier than it is. Its luster and softness are delightful.
